Non-participant rate: €400

iPHA and iPHA Affiliate member discount/Student discount: 50%

» **Passive House Components workshop,**

**Thursday, 24 April, 10.30am - 5.00pm**

For conference participants only: €150

iPHA and iPHA Affiliate member discount/Student discount: 50%

» All prices include VAT

## TERMS AND CONDITIONS

» **Registration**

Registrations must be either submitted online or by post. Registrations are binding and will be processed in the order in which they are received. The number of participants is limited. After registration, you will receive an invoice. The **early booking** discount can only be granted **if the registration is made before 28 February and payment is completed before 07 March**, respectively. Only those who have paid the applicable fees in full will be admitted to the conference. Only cancellations in writing will be accepted. All cancellations after 28 February 2014 will incur a €70 processing fee while cancellations made as of 28 March 2014 will incur a fee equal to 50% of the total registration fees. The participation fee is to be paid in full in case of no-shows and cancellations as of or after 14 April 2014; a substitute participant may, however, be named.

» **Services**

The scope of services includes: the conference proceedings complete with conference presentations, lunch, coffee breaks and simultaneous translation into English at all German language sessions. The organisers reserve the right to make any necessary changes to the programme. Conference participants will receive a free **AVV-Kombiticket, valid from 24 through 27 April 2014**, allowing the use of all public transport within the city of Aachen as well as the districts of Heinsberg and Düren.

» **Cancellation, limitation of liability**

In the event that the 18th Passive House Conference or any part of the framework programme must be cancelled, the participants will be notified immediately and will be reimbursed any participation fees already paid. The liability of the organisers is limited to reimbursement of the paid participation fee only.

# 18<sup>TH</sup> INTERNATIONAL PASSIVE HOUSE CONFERENCE 2014

## Passive House Conference 2014 and Exhibition

## Eurogress Aachen | Germany 25 and 26 April 2014

Framework programme 23 – 27 April 2014

## Call for Papers

Submission deadline: 1 October 2013

» **Passive House is more...**

... than energy efficiency. The standard offers quality construction, unparalleled levels of comfort, superior air quality, lasting energy savings, user-friendly operation as well as increased structural longevity and integrity. Best of all, the standard makes all these benefits affordable. A Passive House building's low energy consumption is also the very reason why the remaining demand, either entirely or to a large extent, can be covered by renewable energy alone.

Passive House is the future. This intelligent concept marks the cost optimum over the life-cycle of a building. In conjunction with the use of renewable energies, it stands as an answer to the nearly zero-energy building goals being established by governments the world over – indeed, according to the European building directive, it is to this standard that all new builds must be constructed by 2021.

It is now time to prepare for these developments. The themes presented at the International Passive House Conference will help participants do just that:

- Integrated, affordable products and systems – new ideas, research results and developments
- Complete and effective quality assurance – successful concepts and examples from planning to tendering through to execution and commissioning
- What it takes to get the job done right – state-of-the-art design tools
- Training for all construction professionals
- Years of experience with successful examples of all building types, a variety of climates and an array of solutions and ideas

The best examples will be chosen by the scientific committee and will serve to inspire new projects designed knowing that, when it comes to Passive House, you can plan for success.

Dr. Wolfgang Feist,  
University of Innsbruck and Passive House Institute

» **The Conference**

The International Passive House Conference is the world's largest gathering of Passive House experts. For first time participants, we highly suggest participation in the Passive House Basics Course, held on Wednesday, 23 April 2014. As with the 2013 Passive House Conference, which attracted over 1,100 participants from more than 45 countries, the 2014 framework programme promises to bring together multitudes of Passive House stakeholders from around the globe.

» **Call for Papers**

We invite you to submit a contribution for the 18th International Passive House Conference. Papers about completed Passive House buildings combining operational experience and innovative, affordable solutions are preferred. Please note that there is a two abstract per person maximum. All relevant information can be found at [www.passivehouseconference.org](http://www.passivehouseconference.org).

**The deadline for abstract submissions is 1 October 2013.**

» **2014 Conference themes**

- 01 Non-residential Passive House Buildings**
- 02 EnerPHit retrofits**
- 03 Straightforward and affordable examples**
- 04 New Passive House products and components**
- 05 Retrofit solutions for historical buildings**
- 06 Energy efficient building services**
- 07 Multi-storey, terraced and single family residential buildings**
- 08 Cutting-edge research and development**
- 09 Passive House and renewables**
- 10 Awareness raising and implementation**

**Special sessions of the 2014 Passive House Conference will be devoted to two EU funded projects: PassREg (Passive House Regions with Renewable Energy) and EuroPHit (step by step refurbishment).**

» **Exhibition**

Passive House components provide maximum comfort with minimum energy costs in new builds and refurbishments alike. Whether you want insulation materials, windows or ventilation systems with heat recovery – all leading manufacturers of Passive House components will be represented at the accompanying specialist exhibition. Here you will find first-class advice, information materials, illustrative models and experts happy to answer your questions. In parallel, a lecture series will provide visitors with additional Passive House insights.

Date: Friday and Saturday, 25 and 26 April 2014  
 Venue: Eurogress Aachen  
 Monheimsallee 48  
 52062 Aachen, Germany  
 Time table: 25 April 2014, 9.00am - 7.00pm  
 26 April 2014, 9.00am - 5.00pm

» **Exhibition area themes**

- Insulation
- Windows and doors
- Ventilation systems with heat recovery, compact heat pumps, subsoil heat exchangers, stoves and heating systems, solar collectors
- Measuring devices for airtight construction and ventilation techniques, infrared cameras
- Products for ensuring airtightness
- Prefabricated buildings and building components
- Contracting businesses, trade associations, architectural and engineering firms, energy consultants, quality assurors
- Software, specialist literature, advanced training
- Renewables for the Passive House

» **Target groups**

Architects, designers, engineers, energy consultants, energy suppliers, craftspeople, scientists and researchers, retailers, manufacturers, local authorities, property developers, students

» **To order an information pack for exhibitors please contact:**
